To install Newsletter, Loan Officer and Banner Modules you should follow the steps below:

1. Upload the folders and files of the module to your FTP site to the folder where all the PG Mortgage files are. If you are asked to overwrite some files, please do it. For example, modules files from the folder "admin" should be in folder "admin" of PG Mortgage script.

2. Go to www.yourdomain.com/install/newsletter/index.php to install newsletter module;
www.yourdomain.com/install/banners/index.php to install banners module and
www.yourdomain.com/install/loan_officers/index.php to install Loan officers panel
and run the installation script.

3. Give CHMOD 777 to the following files and folders:

For Newsletter module:

install/newsletter/bak/
install/newsletter/install_log.txt
install/newsletter/bases/mortgage_pro_base_temp.sql
include/constants.php
include/config_admin.php
include/admin_menu.xml
admin/newsletter/files/
admin/newsletter/pictures/
languages/english/
languages/english/admin_menu.xml

For Banners module:

install/banners/bak/
install/banners/install_log.txt
install/banners/bases/mortgage_pro_base_temp.sql
include/constants.php
include/config_admin.php
include/admin_menu.xml
languages/english/
languages/english/admin_menu.xml
uploades/banners/

For Loan Officers Panel

install/loan_officers/bak
install/loan_officers/install_log.txt
install/loan_officers/bases/mortgage_pro_base_tmp.sql

4. For Newsletter Module you should choose the email templates you want to have.
