DATING PRO

Technical Documentation for the Upgrade

From PG Dating Pro April 2007 (01) to PG Dating Pro May 2007 (01).

<http://www.pilotgroup.net>

1-866-282-1029

1-888-228-8440 (toll free)

This document will help you to make the upgrade yourself and save your data at the site if there were any changes in design, code and database.

1. First “**New files**” section comes. You should upload them to the denoted directories from the new version Dating Pro May 2007 (01).

New Files

Site Root

*** .htaccess

*** css.php

*** rss.php

“W_communicator” folder

*** w_communicator/flash_im.swf
*** w_communicator/wc_database.php

3. Database changes.

Please contact us to get “Update” folder to update the database. Upload it to your site root direction and run Database updating script with a link:
<http://yoursitename.com/update/index.php>

Note: Don't forget to backup your current database to avoid data loss.

You can get initial files for the new version of Dating Pro Software from Pilot Group managers. You can get distributives for free within 12 months from your initial order.

Please, feel free to address Pilot Group Company Support Team for the assistance. You can contact us via Live Chat at any of our sites (for example, www.pilotgroup.net), over the phone 1-866-282-1029 (USA toll free number) or email to support@pilotgroup.net. The service is available 20 hours (8 a.m. - 4 a.m. Moscow time) a working day and 5 hours (12 - 5 p.m. Moscow time) on Saturday
